

T³

Teaching Tripled

Career CELL

Conceptual Learning

T³ Stands for TANGIBLE TEACHING TECHNIQUES, which takes the students from experiential learning to realization. It is the brain child of our Learning & development department in order to nurture the creativity of the teaching community, thus ensure that the Institutions are no longer depending on EDU Tech Companies to buy Electronic Gadgets.

EFFECTS

First and far most **T³** removes the stress of the Teachers
Improve the creativity of the Teachers through relevant activities
Enable the Teachers to develop **NON ELECTRONIC Gadgets** on their own
Immediately **adaptable techniques** inside the Class Room
MAGIC TRICKS revealed to conduct "ice breakers" inside the Class Room
Emphasis on **systematic** working pattern
Forms a **cohesive team** of Teachers
